Louisiana

March 30: Governor issues Proclamation 66 JBE 2021 keeping Louisiana in Phase 3 of reopening, continuing the statewide mask mandate, and requiring businesses like Orion to maintain at least moderate social distancing between all employees.¹

Governor also issues Proclamation 67 JBE 2021 extending emergency provisions imposing travel restrictions on public employees, suspending in-person shareholder meetings, and

imposing a variety of restrictions on the operations of government entities, among other measures.²

March 31: LDEQ issues Twenty-Second Amended Declaration of Emergency and Administrative Order. LDEQ declares that “an emergency exists” and that “measures are necessary to prevent serious threats to life or safety.” The order extends certain regulatory deadlines, among other measures.³

Additionally, the Governor has made clear that “should there be an increase in the number of confirmed COVID-19 cases or should the number of COVID-19 related hospitalizations threaten the ability of the health care system to properly respond, it may be necessary to go back to the full restrictions in the [original] Stay at Home order.”⁴

7. Provide a detailed construction schedule, reflective of the anticipated schedule as of March 1, 2020, (broken out by month), that specifies the work being performed, the number of contractors expected to be on site (noting the name of the company), the anticipated date of arrival of major parts, and any other relevant information.

We appreciate EPA/DOJ’s recent proposal regarding modification of the consent decree to reflect force majeure and are working on a response.
